OWHONDA CHIKERU IHUNWO

Environmental scientist with extensive experience in chemistry, laboratory analysis, and environmental impact assessment. Strong background in water quality testing, pollution control, and wastewater treatment technologies. Proven ability to work in laboratory settings, ensuring adherence to safety protocols and regulatory compliance. Skilled in environmental sampling, data analysis, and reporting for public health and environmental protection.

EDUCATION

PhD in Environmental Science

Louisiana State University, Baton Rouge, LA

August 2023 - Ongoing

• ISU

• Advisor: Professor Edward

MSc in Water and Coastal Management

University of Cadiz, Spain, and Alma Mater Studiorum - Università di Bologna

🗖 August 2017

Graduate Student Teaching Assistant Louisiana State University, Baton Rouge, LA

August 2023 - Ongoing

LSU

- Conduct laboratory work in environmental chemistry, focusing on water and wastewater analysis.
- Assist with environmental monitoring, pollution control measures, and wastewater treatment processes.
- Collaborate on research projects on chemical pollutants and their environmental impact, emphasizing water quality management.

Scientific Researcher Environmental Educator University of Port Harcourt, Nigeria

📋 2018 - 2023

Port Harcourt Nigeria

- Performed chemical analysis of water samples for environmental impact assessments.
- Developed protocols for environmental monitoring and waste management, focusing on water quality and pollution control.
- Researched effective treatment solutions for wastewater and hazardous chemicals in industrial settings.

Researcher

University of Cadiz, Spain

1 2016 - 2017

Cadiz

- Investigated the impact of CO2 leakage on aquatic ecosystems, including water chemistry and sediment analysis.
- Provided data-driven recommendations for environmental protection strategies in water bodies affected by chemical discharges.
